10 YEARS OF MAKING AN IMPACT

Established as a tax-exempt 501 (c)(3) nonprofit in November 2015, the Dale K. Graham Veterans Foundation was accredited by the Secretary of Veterans Affairs on December 15, 2020, as a Regional Veterans Service Organization (VSO). Recognizing the challenges veterans face in accessing their entitled benefits, the founders were driven by a deep commitment to fight for those who have served our country. Since its inception, the Foundation has provided essential services, including accredited VA claims assistance, transportation, financial aid, and referral management, ensuring veterans receive the full range of support they deserve. The foundation's goal is to help veterans and their families deal with the impact of military service on their lives.

Mission

The Dale K. Graham Veterans Foundation is dedicated to serving Veterans and their families by providing expert guidance through the complexities of the VA claims process. We offer comprehensive services, referrals, and resources-always at no cost to the Veteran-to ensure they receive the benefits and support they have earned through their military service.

Vision

The Dale K. Graham Veterans Foundation envisions a future where every Veteran and their family can access the benefits and support they've earned-quickly, confidently, and without barriers. We strive to be a national leader in Veteran advocacy, known for our compassionate service, innovative solutions, and unwavering commitment to those who served.

Program

VA Disability Claims Program

DKGFV is the only regionally accredited Veterans Service Organization (VSO) in the country that provides free disability claims assistance that extends from the moment the veteran steps through the door to the moment they achieve a successful claim. The foundation's team of volunteers, most of them veterans themselves, takes the burden of submission off their clients by handling all steps of the claims process, from research to ordering records, writing the claim, and submitting it on behalf of the veteran.

Our Why, A Client's Words

To the extraordinary team at Dale Graham,

Words fall short of conveying the depth of my gratitude, but Marines aren't known for staying quiet, so here it goes: Because of your relentless diligence, unwavering professionalism, and the genuine compassion you showed throughout my journey with the VA, I received my 100% Permanent & Total rating. This life-changing outcome wasn't just a case file to you — it was my family's future, and you fought for it with the tenacity and heart of people who truly care. You didn't just help me navigate the labyrinth of VA processes — you walked beside me, clarified the chaos, and ensured nothing fell through the cracks. The impact of your work will echo through the lives of my family for generations. You have lifted a tremendous weight from our shoulders and replaced it with stability, peace of mind, and hope. For that, I am eternally grateful.

With deepest respect and appreciation,

Supporting Our Veterans

Whether veterans reach out by phone, email, or in person, the Dale K. Graham Veterans Foundation stands ready to assist those who need help filing claims, financial assistance, or special support services. With your support, the foundation can help countless more veterans earn the disability compensation they earned and deserve, receive financial assistance, and become a part of a community that mirrors the camaraderie and fellowship they knew while serving our country.

“Serving Veterans and their Families”

“I had gone many places and was only left with a pile of papers. I walked through your doors and I found support. I am very grateful. Today, I can afford to live”.

Thank you, Patsy
